HEALTHY LIFE

✦ May Health Observations ✦

- High Blood Pressure Education Month** - High blood pressure disproportionately affects African Americans, often developing earlier and more severely. Get regular screenings, eat healthier, exercise, manage stress, and take meds as directed.
- Stroke Awareness Month** - African Americans are at a higher risk for stroke and stroke-related death. Knowing the signs of stroke using the acronym FAST (Face drooping, Arm weakness, Speech difficulty, Time to call 911) can save lives.
- Asthma and Allergy Awareness Month** - African American children are significantly more likely to suffer from asthma complications. Education about triggers, medication management, and air quality can help families stay healthy.

Kenya Mission: Getumbre Orphanage Support

Shiloh family, we have an incredible opportunity to make a lasting impact beyond our walls! Join us in supporting the Getumbre Orphanage in Nyarenda Village, Kisii, Kenya—where your generosity helps provide care, hope, and a brighter future for children in need. Every gift matters. To give, visit our online giving page and select the "Kenya Africa Fund." Together, we are answering the call of Matthew 28:19—spreading love, serving others, and making disciples of all nations. Let's continue to be a blessing—because every gift makes a difference! ❤️
